showPasswordBtns = page.locator('button[aria-label="Show password"]');\n await
showPasswordBtns.first().click(); // reveal password\n await showPasswordBtns.nth(1).click(); // reveal
confirm password\n console.log('✅ Toggled password visibility');\n\n //
----- \n // 10 Clean-up\n //
----- \n await browser.close();\n});\n\n\n#### How the selectors
work\n\n| Element (as you described) | Selector used | Why it's reliable |\n|-----|-----|-----|\n| **Application:** label | `p:has-text("Application:") span` | Finds the `

` containing the exact label text, then grabs the `` that holds the dynamic value. |\n| **Your Selected Plan** header | `p.MuiTypography-root:has-text("Your Selected Plan")` | Targets the Material-UI typography component that contains the exact heading. |\n| **Plan name (next to logo)** | `p.MuiTypography-root` filtered by `img[alt="logo"]` then `..` | Finds the `

` that *contains* the logo image, then moves up to the parent that holds the plan name text. |\n| **Price $333.00** | `p:has-text("$333.00")` (first/second) | Text-based; the first occurrence is the main price, the second is the recurring amount. |\n| **Monthly chip** | `.MuiChip-label:has-text("Monthly")` | Directly targets the chip label class. |\n| **Setup Fee** & `p:has-text("$555.00")` | Simple text match for label and amount. |\n| **Recurring** | `p:has-text("Recurring")` & `p:has-text("$333.00").nth(1)` | Uses the second `$333.00` occurrence. |\n| **Total Due** | `p:has-text("Total Due")` & `p:has-text("$888.00")` | Straightforward text match. |\n| **Usage-Based Billing** | `p:has-text("Usage-Based Billing")` | Direct text locator. |\n| **Welcome Aboard!** | `h4:has-text("Welcome Aboard!")` | Exact heading tag. |\n| **Account Name input** | `input[minlength="4"][maxlength="30"]` | Attribute-based, independent of placeholder or label. |\n| **Password / Confirm Password** | `#password-account-password` & `#password-account-confirmpassword` | IDs are unique – best practice. |\n| **Email input** | `input[minlength="1"][maxlength="100"]` | Attribute-based. |\n| **EULA checkbox** | `input[type="checkbox"]` | Simple checkbox selector (only one on the page). |\n| **EULA link** | `span:has-text("End User License Agreement & Privacy Policy")` | Text-based span. |\n| **Create My Account** | `button:has-text("Create My Account")` | Exact button text. |\n| **Reset** | `button:has-text("Reset")` | Exact button text. |\n| **Bottom-right email** | `p:has-text("aprabhakaran@corenttech.com")` | Exact email text. |\n

```

**\*\*Copy email button\*\*** | ``button[aria-label="Copy email"]`` | ARIA label is stable and descriptive. |\n| **\*\*Show password\*\*** | ``button[aria-label="Show password"]`` | ARIA label again gives a reliable hook. |\n\n---\n\n## What to do next\n\n1. **\*\*Replace `PAGE\_URL`\*\*** with the real URL of the page you're testing. \n2. If your app provides **\*\*`data-testid`\*\*** or **\*\*`data-qa`\*\*** attributes, swap the selectors (e.g., ``page.locator('[data-testid="account-name"]')``) for even more stability. \n3. Add **\*\*assertions\*\*** (e.g., ``await expect(appLabel).toHaveText('MyApp')``) if you're writing a test suite rather than just a locator demo. \n4. Integrate this script into your CI pipeline (Jest, Mocha, Playwright Test Runner, etc.) and expand the flow (submit the form, verify success messages, etc.).\n\nFeel free to ask if you need:\n\n\* A **\*\*Playwright Test Runner\*\*** version (with ``test.describe``, ``expect``, etc.). \n\* **\*\*Cross-browser\*\*** (Firefox/WebKit) support. \n\* **\*\*Page Object Model\*\*** refactor for larger test suites. \n\nHappy testing! 🚀",

"reasoning": "The user gave a description of a UI with many elements. They likely want a Playwright selector script. The assistant responded with a script. Need to verify if it's correct and maybe improve. The user didn't ask a question; they just gave description. The assistant gave a script. Might need to ask clarification? The instruction: \"You are ChatGPT...\" The user gave UI description. Probably they want help writing selectors. The assistant gave a script. Might be okay. Ensure script uses correct selectors based on description. Could refine to use more robust selectors, maybe using data-testid if available. Also include comments. Provide explanation. Probably fine."

(Image Source: Twitter)\nCongress leaders have sharply criticised the Constitution (131st Amendment) Bill, 2026, which proposes increasing Lok Sabha seats to 850 amid plans to implement women's reservation from 2029 polls. They argue the move unfairly penalises southern states for population control efforts, skewing federal balance toward populous northern states. A special three-day Parliament session starting April 16 (Thursday) intensifies the debate.\n## Chidambaram's fiery denunciation [...] > The apprehensions I had voiced in the last week have proved right\n> When the strength of the Lok Sabha is increased by 50% from 543 to 815, the strength of TN will seemingly increase from 39 to 58. But this is an illusion. When delimitation takes place, it will reduce to 46\n> Uttar...\n> — P. Chidambaram (@PChidambaram\ _IN) April 15, 2026\n## Jairam Ramesh accuses centre of deceit [...] Opposition parties plan a meeting at Mallikarjun Kharge's residence to strategise, viewing women's quota, delimitation and seat hikes as 'deliberately mixed up' issues. Leaders like Telangana CM Revanth Reddy demand pro-rata increases, but Article 81 ties seats to population. Critics fear rushed passage before the 2027 census undermines fairness.\nTOPICSBJPCongressLok SabhaParliament\nThis article was first uploaded on April fifteen, twenty twenty-six, at fifty-five minutes past eleven in the morning.\nScore: 0.6709\nTitle: Opposition gears up for showdown with govt over delimitation - Rediff.com\nURL: https://m.rediff.com/amp/news/report/opposition-gears-up-for-showdown-with-govt-over-delimitation/20260416.htm\nContent: While the government is set to push The Constitution (One Hundred and Thirty-First Amendment) Bill, 2026 as a big-ticket reform, the Opposition has
```

decided to oppose the bill due to its provisions on delimitation. Both sides are rallying support at Centre as well as in states amid concerns in the southern part of the country that a delimitation exercise under the provisions of the bill would reduce their political standing because of a better performance on population control. On the eve of the special three-day sitting of Parliament, top Opposition leaders met here at the residence of Congress president Mallikarjun Kharge to discuss and evolve a joint strategy on the bills brought for the implementation of the women's quota law and delimitation. [...] According to the draft Constitution amendment bill, which will be introduced and is expected to be passed in the upcoming special sitting of Parliament, seats would also be increased in state and Union territory assemblies to accommodate 33 per cent reservation for women. Amending the Constitution requires a special majority in both Houses of Parliament: a majority of the total membership (more than 50 per cent) and a two-thirds majority of members present and voting. So if all 540 members, that are there in the House currently, are present and voting, the two-thirds majority mark would be 360. The total strength of the NDA in the Lok Sabha stands at 292, while the major Opposition parties have 233 MPs.

### Southern States' Concerns [...]

The Leader of Opposition in the Lok Sabha emphasised that his party would not permit southern, northeastern, northwestern, and smaller states to be treated unfairly.

### Government's Legislative Plans

The government plans to bring a Constitution amendment bill, a bill on delimitation law and an enabling bill for Delhi, Jammu and Kashmir and Puducherry -- three Union territories with a legislature -- on Thursday in the Lok Sabha to fast-track implementation of the women's reservation Act of 2023. Lok Sabha seats will be increased to a maximum of 850 from the current 543 to 'operationalise' the women's reservation law before the 2029 parliamentary polls following a delimitation exercise to be carried out on the basis of the last published census.

April 16, 2026 00:25 IST

Parliament is poised for a contentious debate on the Constitution amendment bill, addressing the implementation of the women's quota law and the controversial delimitation exercise, sparking opposition concerns over regional

representation. [...] According to the draft Constitution amendment bill, which will be introduced and is expected to be passed in the upcoming special sitting of Parliament, seats would also be increased in state and Union territory assemblies to accommodate 33 per cent reservation for women.

Amending the Constitution requires a special majority in both Houses of Parliament: a majority of the total membership (more than 50 per cent) and a two-thirds majority of members present and voting.

So if all 540 members, that are there in the House currently, are present and voting, the two-thirds majority mark would be 360.

The total strength of the NDA in the Lok Sabha stands at 292, while the major Opposition parties have 233 MPs.
